Last Updated Thursday, 12 March 2009

BB Design is a web design and development company based out of San Diego, CA. Currently the team of three works on projects together, and whom all bring unique skills and abilities to the company. The team has representatives in San Diego, San Francisco, and St. Louis. For custom Web Development

BB Design has the know how of developing well designed websites, with a strong backend to make any type of website possible. Clients work one-on-one with a developer, customizing each site to the clients specifications and expectations.

Using Control Management Systems for small businesses needing a web presence, E-commerce, Photo Galleries, Calendar Scheduling, and many other components can be used to suit any businesses web needs. We're listed in Monterey web design section of California web design directory at Finders - US web design directory As well you will find us on the back page of the Monterey Weekly.

```
var gaJsHost = (("https:" == document.location.protocol) ? "https://ssl." : "http://www.");
document.write(unescape("%3Cscript src=" + gaJsHost + "google-analytics.com/ga.js"
type='text/javascript'%3E%3C/script%3E"));
```

```
try {
var pageTracker = _gat._getTracker("UA-6945900-2");
pageTracker._trackPageview();
} catch(err) {}
```
